HELLO FROM CORE

Moving is stressful. The clean shouldn't be.

Thank you for considering Core Cleaning for your end-of-lease clean. We know that the final inspection can be the most nerve-wracking part of any move — your bond is on the line, the checklist is long, and time is short.

That's exactly the problem we exist to solve. For more than five years we've cleaned homes back to the standard property managers expect, working methodically through every room so nothing gets missed. You get the keys handed back, and we take care of the rest.

This proposal sets out who we are, how we work, and precisely what's covered — so you can move forward with complete confidence.

WHY CORE CLEANING

The difference is in the detail — and the experience behind it.

5+ years on the tools

Half a decade of end-of-lease cleans means we know the spots inspectors check first — and we clean to that standard every single time.

Detail-driven

Ovens, tile grout, window tracks, skirting boards and switches — the fine detail that decides between a pass and a deduction.

Transparent pricing

A clear fixed quote up front, GST included. Any variation is confirmed with you before we proceed — no surprises on the invoice.

Reliable & respectful

On time, contactable, and tidy in your home. We treat every property as if our own bond depended on it.

“

Highly organised from the first message to the final handover, and genuinely easy to deal with — clear timelines, quick replies, and no chasing. You'll always know exactly where things stand.

ORGANISED & COMMUNICATIVE
